- Wheat yield = 18.90 Qtl/hectare (2016-17)
- Main crops in Horticulture: Apple, Walnut

SDGs Implementation Framework

- *Please share a copy of the Action Plan prepared/ executed for implementation of SDGs:-*
- ✓ The State is in the process of framing Action Plan on SDG for J&K State. The main problem faced in the formulation of SDG Action Plan are:
 - 1) The Local Body elections in J&K State had not been conducted during past three years which have now been conducted and completed for Municipal Corporations/ Municipal Committees of the state. Similarly, panchayat elections had also not been conducted during the past three years which are currently going on in phases. The process of election is likely to be completed within a fortnight

SDGs Implementation Framework

- 2) The staff identified and designated for implementation of SDG are lacking capacity and knowledge to carry forward the revised formats presented in SDG.
- 3) The task of mapping of resources to align with major SDG goals has been found difficult as the size of state plan/Capex Budget is not adequate and is merely allocated to provide matching share for CSS.

Institutional Mechanism

- *Please provide an update on any dedicated unit/cell /centre/team on SDGs operating at the State/UT level: -*
- ✓ The state of J&K has constituted an Apex Level Committee headed by Chief Secretary to oversee and monitor progress in the implementation of SDG in the state. A copy of Govt order will be handed over to NITI Aayog.
- ✓ A dedicated Nodal unit has been constituted by the Govt in the Directorate of Economics & Statistics. A copy of Govt order will be handed over to NITI Aayog.
