SUSTAINABLE DEVELOPMENT
GOALS:
(PROGRESS REVIEW)**

VISION 2030 UTTARAKHAND FRAMEWORK

STATE VISION DOCUMENT

Planning Department developed State Vision 2018 in consultative process and aligned with SDGs

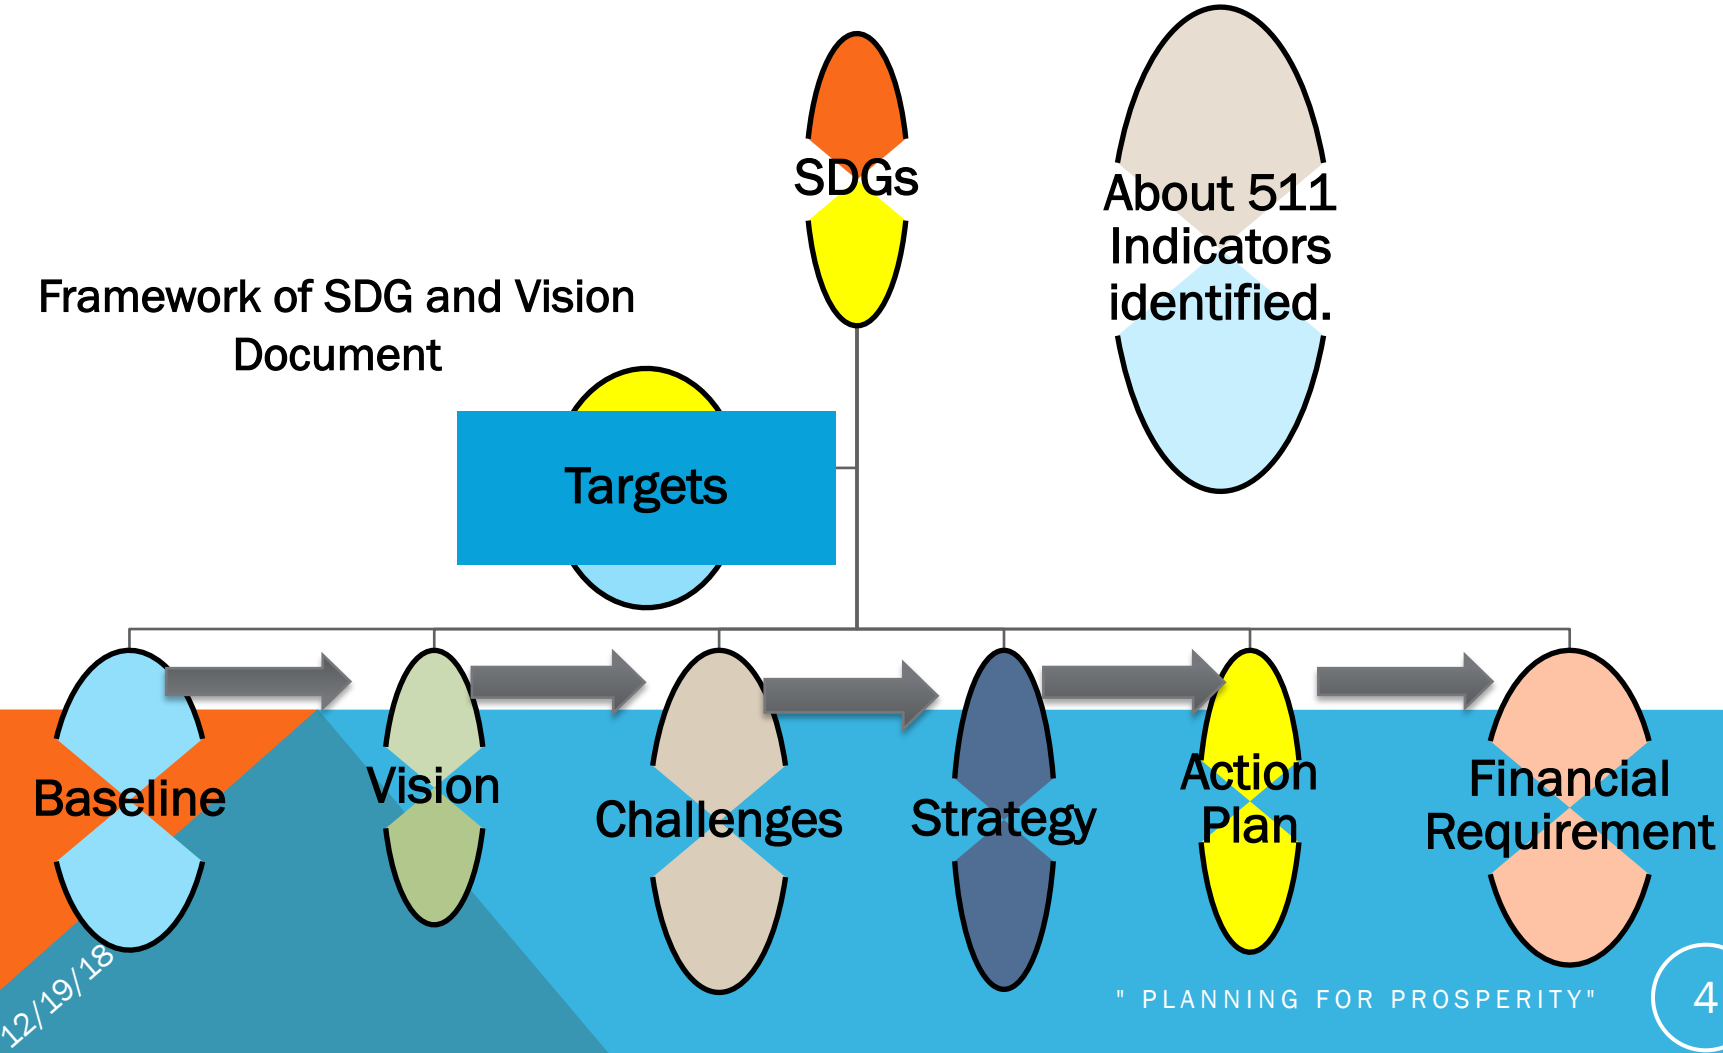

Vision document focuses mainly on

- Human Development
- Sustainable Livelihoods
- Social Development
- Environment Development

Update On Institutional Structures For Implementation and Monitoring of SDGs

- **A dedicated team and Cell** has been created informally in Directorate of Economics and Statistics to provide viable efficiency in the activity undertake.
- **Six Thematic working groups** have been formed under the chairmanship of Additional Chief Secretaries, Principal secretaries and other Secretaries.
- **38 Departments** are been indentified as major Participants in SDGs Implementation.
- The SDGs are inter-linked therefore **C2N Model (Convergence, co-ordination and Networking) is the best model to achieve the SDGs targets within limited resources.**
- UNDP has also deputed a resource for helping the WGs particularly for action plan preparation and monitoring tool development.
- The State has also initiated for creating the **Sustainable Development Index. Weights assignment exercise will be done through AHP.**

Indicators and Data On Progress

Indicators and Data On Progress

SDG Roadmap is being prepared in two documents;

- **Part one is Vision Document(completed) and released.**
- **Part Two is Three Year Action Plan and seven year Strategic Plan.**
- **20 Departments out of 38 submitted their plan.**
- WGs held several meetings with departmental functionaries and finalized indicators.
- Several brainstorming sessions and meeting were undertaken to give the **final shape to the indicators.**
- Still identification of monitorable indicators is going on.
- **Piloting of SDG localization** is under progress in two districts viz., Udham Singh Nagar and Tehri Garhwal with the support of UNDP.

12/19/18

12/19/18

Capacity Building Interventions

- The training programme on Mapping and Plan formulation is at grass root level has been planned in the December –January 2018.
- As part of **localization of SDGs**, training programmes have been planned for district and block level functionaries in the month of December- January 2019 with the support of UNDP.
- To Build the Capacity of the Twenty Point Program Cell and higher officials dealing with SDGs a training cum **Exposure Visits** is proposed in the month of Dec- Jan.
- State level Financial Management and Research Training and Administrative Training Institute have been identified for the SDG and Outcome budget training purposes.

New Initiatives on SDGs

- The SDGs indicators are being linked with outcome budget 2018-19.
- **For localizing SDGs** the Government is conducting the brainstorming workshop in each district.
- Piloting of SDG localization is under progress in two districts viz., Udham Singh Nagar and Tehri Garhwal with the support of UNDP.
- SDG localization at GP level has planned in US Nagar and Tehri Garhwal districts on pilot basis duly following GPDP, Convergence of programmes and SDG Progress.

ISSUES AND CHALLENGES

- **Implementation of SDG within set time.**
- **Ensure SDGs link with State budget.**
- **Assurance of data quality.**
- **Ensure Co-ordination among the departments/ sectors.**
- **Ensure convergence of the schemes with other related schemes.**
- **Rationalization of the schemes and programmes.**
- **For monitoring and evaluation purposes strengthening of the Directorate of Eco-stat for data management and planning.**
- **Establishment of dedicated SDG cell and its effectiveness & strengthening.**
- **Ensure usage of technology particularly GIS based technology.**
