OFFICE MEMORANDUM

Subject: "Research Scheme of NITI Aayog (RSNA) – 2021" - Part A (Guidelines for Research Studies)

In order to get quality research work done as per the developmental priorities, NITI Aayog has put in place Research Scheme of NITI Aayog, the guidelines of which were last issued vide Office Memorandum F.No. O-15018 /1/ 18 – G&R dated October 25, 2018. However, a need has been felt to broaden the scope of the guidelines for getting quality research and evaluations done. This includes engaging reputed professionals to write comprehensive papers/ undertake desk research on payment of a nominal fee. It was also felt that for high quality research there is a need to review the financial ceiling for studies under consultancy by bidding category.

2 Accordingly, in supersession of the earlier guidelines dated October 25, 2018, a new set of guidelines have been framed. A copy of the guidelines viz. "Research Scheme of NITI Aayog [RSNA]-2021 - Part A [Guidelines for Research Studies]" is enclosed herewith for information and necessary action. The proposals for seminars/ workshops and for use of NITI Aayog logo for third party events would continue to be considered as per the extant guidelines.

4 This issues with the concurrence of IFD vide diary No. 3703 dated 31.03.2021 and approval of the Vice Chairman, NITI Aayog.

Research Scheme of NITI Aayog (RSNA), 2021 Guidelines for Operationalization of the Scheme

1. INTRODUCTION

- 1.1. In order to evolve a shared vision of national development priorities, sectors and strategies with the active involvement of States in the light of national objectives, Government of India has replaced Planning Commission by the NITI Aayog (National Institution for Transforming India) which has commenced operations w.e.f. January 1, 2015. As a dedicated Think Tank of the Government, NITI Aayog is expected to carry out this 'directional' role, strategically charting the future of the nation. It is expected to provide specialised inputs - strategic, functional and technical - to the Prime Minister and the Government (Centre as well as States), on matters critical to the fulfilment of the national development agenda. Besides, it is envisaged that NITI Aayog will play an important role in monitoring the implementation of policies and programmes, and evaluate their impact. Over a period of time it would develop as a Knowledge and Innovation hub – and accumulator as well as disseminator of research and best practices on good governance, through a state-of-the-art Resource Centre which identifies, analyses, shares and facilitates replication of the same. The Aayog is expected to provide advice and encourage partnerships between key stakeholders and national and international like-minded Think Tanks, as well as educational and policy research institutions. One of the strategies to achieve these objectives is to put in place a mechanism for getting quality research work done through outside professional/expert agencies and individual experts besides supporting for exchange of views and fostering new ideas. This would be in addition to the in house and outsourced research done by the Development Monitoring and Evaluation Organisation (DMEO), which is a part of the NITI Aayog.
- 1.2. NITI Aayog has also launched a major initiative viz. SAMAVESH aimed at networking and partnership with knowledge and research institutions using a hub and spoke model. Under Samavesh, NITI has entered into MoUs with various reputed institutes/ think tanks across different sectors. SAMAVESH is expected to help NITI evolve as an apex think tank of the Government while the partner institutions can be developed as Centres of Excellence for specific thematic priorities and can further reach out and mentor similar institutions that would together help create a knowledge ecosphere in the country. Besides, NITI Aayog also enters into Statements of Intent with other Think Tanks/ Academic Institutions.

2. RESEARCH SCHEME OF NITI AAYOG, 2021

- 2.1 The 'Research Scheme of NITI Aayog, 2021' (hereinafter referred to as Scheme or RSNA) would aim at supporting various research studies (by on-line public notices/ advertisements or invitation through empanelment or nomination) as per the objectives of the NITI Aayog. In addition, seminars/ conferences/ workshops etc. organized by the reputed organizations can also be supported under the Scheme. Besides, various organisations can also be extended non-financial support under this scheme by permitting them to use NITI Aayog Logo for the events such as seminars/ conferences/ workshops/summits/ symposium/ exhibitions/annual functions.

- 2.2 The Scheme shall be implemented by the Governance and Research Vertical in the NITI Aayog in partnership with the Subject Verticals/Division (SV/D) of NITI Aayog in respective subject matters. Under this Scheme, consultation fee or admissible assistance would be provided, for carrying out the aforesaid activities on topics/subjects of interest to NITI Aayog as decided by the Competent Authority.
- 2.3 These guidelines supersede the guidelines of the Research Scheme of NITI Aayog 2018. However, the existing studies sanctioned as per RSNA 2018 would continue to be governed by those guidelines till their completion.
- 2.4 The Scheme shall be operated through three sets of guidelines – Part ‘A’ is for supporting research studies/ white papers, Part ‘B’ for providing Grants-in-aid for seminars/ conferences/ workshops, etc., and Part ‘C’ for non-financial support in form of using NITI Aayog Logo for events indicated in Para 2.1.
- 2.5 This set of guidelines cover Part ‘A’ that covers funding support for extramural research got conducted by NITI Aayog upon payment of consultation fee.

3. OBJECTIVES OF THE SCHEME FOR EXTRAMURAL RESEARCH:

- 3.1 The objective of the Scheme is to stimulate and encourage research and studies deemed necessary for achievement of the country’s developmental objectives. The Scheme will work in alignment with the objectives of NITI Aayog as indicated in the Cabinet Resolution dated January 1, 2015 for setting up of NITI Aayog, which are reproduced below:-
 - (i) To evolve a shared vision of national development priorities, sectors and strategies with the active involvement of States in the light of national objectives.
 - (ii) To foster cooperative federalism through structured support initiatives and mechanisms with the States on a continuous basis, recognizing that strong States make a strong nation.
 - (iii) To develop mechanisms to formulate credible plans at the village level and aggregate these progressively at higher levels of government.
 - (iv) To ensure, on areas that are specifically referred to it, that the interests of national security are incorporated in economic strategy and policy.
 - (v) To pay special attention to the sections of our society that may be at risk of not benefitting adequately from economic progress.
 - (vi) To design strategic and long term policy and programme frameworks and initiatives, and monitor their progress and their efficacy. The lessons learnt through monitoring and feedback will be used for making innovative improvements, including necessary mid-course corrections.
 - (vii) To provide advice and encourage partnerships between key stakeholders and national and international like-minded Think Tanks, as well as educational and policy research institutions.
 - (viii) To create a knowledge, innovation and entrepreneurial support system through a collaborative community of national and international experts, practitioners and other partners.
 - (ix) To offer a platform for resolution of inter-sectoral and inter-departmental issues in order to accelerate the implementation of the development agenda.
 - (x) To maintain a state-of-the-art Resource Centre, be a repository of research on good

governance and best practices in sustainable and equitable development as well as help their dissemination to stake-holders.

- (xi) To actively monitor and evaluate the implementation of programmes and initiatives, including the identification of the needed resources so as to strengthen the probability of success and scope of delivery.

It will combine with digital contents of user's real-time data to personalize and contextualize experience, integrate with social channels and lay a digital foundation for best practices. However, before uploading any successful case study sent by District Magistrates, etc., it is proposed to get the case studies validated by a third party using the resources of the Research Scheme, as set out in these guidelines.
