- CONTRACAPTIVE PREVALENCE IN INDIA**
  - The decline in modern contraceptive methods observed in the NFHS-4 is explained, and certain errors in the survey data are pointed out. page 32

**Pandemic and Employment Loss**  
India's so-called "comparative advantage" has not been immune to the COVID-19 shock as the loss in exports has led to major job losses and loss of earnings of the employees in the exporting industries. page 14

**Algorithm Regulations in China**  
The rules regulating the algorithm recommendation service providers indicate that the Chinese government seeks to end the era of unbridled operation of technology companies to prevent the subordination of social dynamics to private technological dynamics. page 18

**Fisheries Sector and Decent Work**  
As the labourers belonging to the richer states rank lower in terms of decent work, the need for state intervention and strengthening unions is underscored. page 28

**Endosulfan and Health Problems**  
While the decision to ban endosulfate in India is welcome according to the precautionary principle, attaining optimal health outcomes without strong supporting evidence can be counterproductive. page 40
